“ Denise,
You will always be in my heart. 38 years of friendship, laughter, tears, will not be forgotten. You fought the fight with grace and a smile. We always used to say we could write a book with our times. You were a beautiful person from start to finish. Now have a dance in heaven, eat your favorite meal and be at peace. You were loved and made a difference in this world. You taught me strength and friendship. Rest in peace my friend,
