“ *Dottie's granddaughter,*

Your grandmother was a dear friend of my mother Kathleen C. O'Brien. My mother passed away in September 2020 and prior to that had a long term illness and was first confined to home, then at Braemar assisted living, and then in a nursing home in Albany. Your mother often visited my mother and would bring her various treats and such. My mother so much appreciated these visits.

Prior to my mother's illness oDottie and my mother would go to the theatre and concerts. They were good friends. My mother treasured her friendship.

Dottie often told me about you and how helpful you were and loved you dearly.

She was kind and patient and I extend my condolences. She will be missed.

I found out about Dottie's illness and passing from a neighbor of hers but didn't know how to contact you. Please feel free to call me at 845-342-2386.

*Sheila O'Brien Glenn
Kathleen O'Brien's daughter*
