You were always a beautiful woman with lots of joy and grace , with an imagination that would have you laughing for days. I loved when you would come down to Georgia. The best memory I have was going to the beach I remember having the whole family there but you were the one I was hanging on to the whole time. We went to Krystals to eat and I remember you telling me I do think we need to order a lot these burgers tgey were way to little so Anthony went up and ordered a hundred of them . Yes it's the small things that I remember rather it be your stories are your smile but I will miss you and hold you near my heart..

“ Dorothy. You were loving, kind, and generous to me all the time we knew each other. It was an honor to bring you peace and tranquility to your final days. Our last Christmas together was bittersweet and miraculous. You are now at peace. Love you !

I feel a warmth around me like your presence is so near , and I close my eyes to visualize your face when you were here. I endure the time we spent together and they lock inside my heart, for as long as I have those memories we will never be apart ,even though we can not speak anymore my voice is always there because every night before I sleep I have you in my prayers .
