“ Mom you have always been there for me and you will sorely missed. I know you are dancing with the angels now. We sure loved to dance, didn't we!!

I know I was not always easy to get along with as a child and when I became an adult

we hardly agreed on anything.

But when we talked on the phone miles apart, we got along beautifully. The hugs you gave after our conversations will always be imbedded in my heart and soul.

I regret leaving New York knowing one day this day would come. You knew why I had to leave and never judged me but told me whatever I do you will always love me.

*Your loving daughter,
Sieglinde*

*Erica was one of the finest people I ever knew. I will miss her a lot. My prayers are with her family.
I thank God for the privilege of knowing Erica for the past 11 years, and being her friend.*
