“ I met Janet many years ago, when she was an ATA flight attendant. We've been frequently in touch the last few years. I thought it was strange that she had not returned my last few calls. It was not like her.

I just learned today, that dear, sweet Janet passed away. She was a true lady in every sense of the word...beautiful inside and out.

I hope she and Franco are having fun, dancing together again.

RIP, my dear friend. I will miss you and our fun conversations.

“ Janet was heavy on my mind. It was then that I heard the news. I cried, then smiled that I had the pleasure of flying with her. We've shared many laughs and of course a glass of wine or two. Janet was a great dancer and always full of humor.

I'm missing her so much as I type this. I moved home to California so o won't be able to attend. Instead, I'll dance, laugh all with a glass of wine in her honor. My friend Janet was a true class act! Rest amongst the angels Janet.
