I know you're in a much more beautiful place now than here and your spirit definitely reassured me of that. Just want to send you some love and light. You must say it was an honor to have met you and be your home health aid ❤️🙏 My favorite person and someone I'll never ever forget

“ Happy Birthday, Kathy. I just came across your obituary and was shocked to find out that you had passed several years ago. We were young and in love during a two year period between 1979-1980 when we met at NBS Radio School in NYC while you were living on LI. I got a Disc Jockey job at WWLE in Cornwall during that time and moved to Newburgh. You helped me settle in far from my Queens home and we enjoyed lots of good times together. In 1980 I moved back to NYC when our love was no more and I eventually started working at WABC-TV which I retired from after 19 Years several years ago. I always remembered your Birthday was May ch 4th and stumbled across your Obituary today. I pray you had a full life and many happy times. Rest with the Angels my former love. Be well.

“ *This is so sad. Kathy was a wonderful person. My sister Jo and Kathy's sister Barb were friends in HS and that's how I got to know Kathy. My heart goes out to her family. God bless you.*
