There is great sadness in my heart today knowing Linda is no longer with us. She was a great friend and colleague and she cared, really cared, about those people around her. I worked with her for nine years at Pine Bush and she was truly a treasure. She was always there for me and for everybody else. I hope the Board of Education will establish a scholarship in her name, I know that would please her a great deal. Before Linda passed we spoke and I told her that she will never really be gone, we will feel her near us since she will always reside in our hearts. Rest in peace my dear friend.

“ You always knew where you stood with Linda. She had the courage to speak up for the things and people she believed in, and against those she disagreed with. She was ALWAYS there for the kids at PBHS. Linda's smile and laugh were contagious. It was a priviledge to know her and an honor to work with her. Kathy Donahue

“ *Linda came into Mandi and my Forensic Science classes with a grimace. We were all angry for the major changes that white stockings made. Before long, Linda became a part of our Forensic family...buying us gifts every holiday, treating us like her daughters and including our children into her extended family. I am forever grateful for spending the years with her. I learned that there was a different Linda, underneath her tough exterior...a giving person, who loved what she did and made a difference. Isn't that what we all want out of life? Thank you Linda!*

“ She always knew what I was thinking before I even did it. One of the reasons I got though my years at PBHS was her tough love and guidance. Her love and kindness is something i will never forget and the good kick in the pants she gave me when I needed it will always be cherished as well. She was one of my few favorites and I can proudly say I am a better woman because of the lessons she taught me. May she rest in peace, she will be greatly missed <3

“ I am so saddened by this news. Linda was a mentor, a mother and my support system while teaching at PBHS. She guided me through my first four years of teaching, I would never have been able to do it without her support. I learned so much from her. She had a unique way with the kids and touched so many lives. I will truly miss her...she was one of a kind!!!

“ I have a zen garden you gave me as a house warming gift, which will always remind me of your gentle side! You loved the kids, and they knew it! You made me feel welcome from my first day at Pine Bush and showed me the ropes! We have not talked in a long while, but you will always have a special place in my heart! I know you are already earning your angel wings!

“ *Mrs. P will be greatly missed. She has been there for me and my family for years. She knew me before I even knew her. She was a great person and helped me a lot my junior year of high school. I will miss going to PBHS to visit her. She will always be in our hearts. She was a wonderful person. May she rest in piece.*

“ To all of Linda's family,
Linda took me under her wing as a newbie, at 31 years old, 12 years ago when I started at PBHS. Through freshmen academy, BLT, senior picnic, graduation and many other events we became more than colleagues, and in fact good friends. She raised the bar for all our kids to reach, and did everything in her power to enable them all to reach it. I am a better teacher and person from the lessons she taught me, and the love she gave me. Please know that you are all in my thoughts and prayers, and I will dearly miss her.

“ Linda was a very special person who touched the lives of many students and adults at Pine Bush High School. She was person of integrity who made me want to be a better person. She kept her standards high, and challenged everyone to strive to that level. I admired her ability to laugh at herself and see the potential for good in everyone while being completely honest and challenging all of us to be our best. I hope she realized how much she influenced all of us. She will be missed.

“ *I met Linda when she used to come to our Curves in Pine Bush with her mom, Joan.
We shared many, many good times, laughter and love.
I was sorry to hear that she stepped from this life into the everlasting life but I know she was reunited with her mom.
Someone told me the following when my brother lost his battle with cancer:
"Heaven will always be just a little bit closer to you now that someone you love has gone to be with the Lord. They will be waiting for you once your days upon the earth are thru."
I believe it to be true.
Love and hugs, shelly (used to own Curves with my sister, Ginny)*
