“ *Charlie and family --*

When I read on Facebook that you had lost someone dear to you, I couldn't understand who that could be...you're still that little kid that used to make your sister and I laugh over nothing. Then I came to this site and discovered the reality and the vastness of this loss and I realized (once again) that life is so short that we just don't always live it to its fullest.

I never had the pleasure of knowing or even meeting your lovely wife, but I remember you and the amazing family you came from. I'm confident she is an angel and will watch over her family. Much love to you and your family.

“ Dear Charlie and family:

Ken and I were shocked and saddened to hear of Lois' death. We know she fought long and hard the last few years to live a healthy and happy life. Her premature death leaves us wondering "Why?" yet we know there will never be an adequate answer to this question. We pray you and your daughters will find peace and love amidst the sorrow. Much love to you all.

Blessings,

Drs. Catherine Wanko & Kenneth Newman
