“ For once at a loss for words. I meet you in 1994 and 28 years later to the day, you pass. I know that we here hurt but I also know it was a joyous day for you, as you was reunited with the love of your life and no longer hurting. Keep watch over your girls. Airon and Cameron are now in your hands until I get there. We love and will miss you always. 💔❤️🥺

“ She was like a second mother to me. I remember always watching soaps with her and my uncle Ronnie while she shared her white cheddar cheese puffs with me because she knew I loved them so much. When she did my hair most days before school when my mom didn't have time. The memories i have with her will always be cherished. Sneaking into her bedroom to grab snacks out of her closet even though she knew what I was doing. She was most famously known for her potato salad and pumpkin pies. She was a great aunt and great person. She cared deeply for her family and she will be missed beyond words. Forever in our hearts. ❤️

“ When I first met her, she was loving and caring. Cared for me as if I was one of her own children. I really loved when she made her potato salad. She will never be forgotten. Love her as if she was my own mother.
