“ *My amazing grandfather- we laughed together, listened to each-other and enjoyed the simple moments in life without judgment.. and that is love!*

I will miss him so much... I am so lucky to have had him in my life and now in a more spiritual way.

I know he will be looking out for me and our family and I am so touched to think of the reuniting of him -and others who have passed and how beautiful it must be.

Thank you grandpa for always believing in me and always being there for me. I cherished every moment

Thank you for sharing your wisdom and your creativity . They will stay with me forever .*

“Morty, you made such an impact on your family (and their friends) and everyone you came in contact with. You motivated and inspired others to press into their passions. You were a deep thinker and I loved our intellectual conversations. You were artistic, creative - a wordly man and at the same time compassionate, kind, humorous and loving to your family and everyone around you. Thank you for the time you gave us. We will miss you and hope to be reunited again one day. Love you always! Angela Valentine
