“ *Mr. Ancona brought so much joy and passion to our 3rd grade class at Chorley 40+ years ago. His guitar and smile along with sharing his passion for computers, made for such fond memories and an excellent foundation for learning. May all children get to have a teacher as silly and smart as him. My condolences to his family, may his memory always be a blessing to you.*

“ *Dear Susan & Family,
We just heard of Peter's passing. He was larger than life - remembering how the kids at Liberty Street loved "computer" specials. Also, remembering how he did an outstanding job as a central office staff administrator. We will always remember him with fondness & love.

“ Dear Ryan and Megan,
We are so sad to hear about your Dads passing. He was a great friend and colleague. I know how much he loved and cherished both of you. He would get a twinkle in his eye when he talked about you. May His Memory Be For A Blessing 🦋

“ Mr. Ancona was the reason third grade was so enjoyable at Chorley. Between singing while playing the guitar to our class to implementing Learning Styles while bringing pillows and snacks to use during class, Mr. Ancona made it an unforgettable year. I'm certain his love of computers began the day he rolled out the behemoth IBM computer for our Chorley wing to experience, turned it on, played with it for approximately 2 minutes then rolled it away. Lol! You touched so many lives Mr. Ancona. May you Rest In Peace.

“ Susan I just heard about Pete's passing. I am so very sorry. I have many good memories of him dating back to our first days of teaching together. He was simply just a good guy. Please give my condolences to Megan and Ryan.
