

Richelle Denise Price

May 20, 1956 - December 22, 2020

Richelle was born on May 20, 1956 in Jamaica New York. She was the youngest child of Vernon and Sylvia Peyton and the sister of Myrna Martin. Richelle was formally educated through the New York City Public System and in 1974 she graduated from Andrew Jackson High School. She spent over 30 years working for the National Development Council first as an Executive Assistant to the company's President then as a Meeting Planner. Throughout her many years with National Development Council, she formed many flourishing friendships and was known by her coworkers to be a wonderful person and mentor. Richelle was a long-time member of Allen AME Church and loved attending service regularly.

Although she had known him early on in life, in 1970 Richelle began dating the love of her life and life-long companion Jeffrey. On September 20, 1975 they married and from this union had two children, Jeffrey Jr. and Jennifer. This year they celebrated their 45th wedding anniversary. The love that Jeffrey and Richelle had for each other was an exceptional symbol of a lifetime of love and happiness. The true meaning of best friends and soul mates. Richelle loved her friends and family especially her grandchildren wholeheartedly. Richelle was a fun-loving soul and overall, just someone you could count on to be there whether it be physically, just to lend a listening ear or give a little bit of words.

Richelle departed this life on December 22, 2020. The world is a sadder place without her in our lives. But she touched each one of us and has left us with

memories we will cherish forever.

She leaves to cherish her lasting memory: her husband Jeffrey, her children Jeffrey Jr and Jennifer, grandchildren James and Alexander, sister Myrna, her best friend Nancy and a host of relatives and friends.

Richelle was my sister in law and the love of my brother's life. They had been together so long that my grandfather, who passed away in 1972, gave them a nickname. He used to say " Here comes Stringbean(Jeffrey) with his Toothpick (Richelle)! I knew Richelle so long that she knew me before I had facial hair (also when I actually Had hair). She was also the first person to tell me when, as she put it" I can see you thinking ". She was sitting behind me in a car and was letting me know in her own special way, that I was balding! We picked at and annoyed each other (in the way that only a little brother could). I was honored to be best man at their wedding in 1975 and remember how beautiful and happy they were. We should all be so lucky to find "The One "and have the privilege to live out your natural days with them. Godspeed Richelle. We'll keep your family close in our hearts.

Dearest, Richelle. Know that you were loved and you will be loved forever. I always considered myself so blessed to have such an amazing new family upon marrying my husband. The negative connotations of the term "in-laws" has never applied to my life. I will always remember your stories, your laugh, your happiness. The love you had for your husband, your children and your grandchildren. You have told me so many stories about our family that I will never forget. We will hold them dear and keep them safe. Rest In Peace my dear, sweet sister-in-law. I love you. Lisa. ❤️

“ My BFF Richelle. I remember when we became friends 51 years ago. Even though our lives took us in different directions we still got closer. I remember all the moments we shared. We laughed, partied and cried. I shared every bit of my life with you. As I think about our friendship I realize it is one of the most important things in my life. I once read this and kept it for when I would use it. " You and I will meet again, when we least expecting it, one day in some far off place, I will recognize your face, I won't say goodbye my friend, for you I will meet again.

“ My Richelle ❤️ I've known Richelle over 35 years. We worked together at NDC and became family! We worked hard and enjoyed each other with our families. Richelle loved her husband Jeffrey and beautiful children Jennifer (Alana) and BJ! I watch those children become the man and women they are because of their parents. Richelle you are in Heaven with God and deservingly so. You will always be in everyone's heart and the memories of you will last for ever! May you Rest In Peace and become the guardian angel to your family 🙏

Richelle, yes, you will truly be missed, even though we were distance cousins, I remember so very well the love you and the family should me when I went to New York 5 years straight and she started me to boil pepsi to drink, I shared this with my husband and he would say "what" and laugh. Your children and grandchildren and family will always have sweet memories especially your husband Big Jeff, R.I.P. in the arms of the Lord, Peace.

“ I met Richelle through my sister, Virginia, her friend and coworker at the National Development Council so many years ago. I got to know her sweet Jeffrey and her darling children, Jennifer and Jeffrey, Jr., when they were toddlers. I remember a woman who smiled and laughed freely and often. A woman who loved her family and who adored her children. And, a woman who, most certainly, doted on her grandchildren. A loyal friend. Losing a mother and wife is a pain that never goes away. I know. However, in those dark moments when the pain of loss takes your breath away, remember that she was here. That she lives on in your hearts and of those whose lives she touched. Rest In Peace, Richelle! Shine in the heavens now and forever.
