“ Tom was my good friend who I will miss. We spent many days digging at archaeological sites around the county and traded books back and forth. I will miss his vast knowledge on many subjects. I really miss his company. bill scott

“ I am so sorry to hear of Tom's passing. He has been sorely missed at the Middletown & New Jersey Railway Historical Society meetings all these years. I thought about Tom often and I consider him a good friend. He came to my home several times with material from the railroad station and gave me some advice on how to use our telescope for observing the stars. I remember all the times we had the railroad picnics in Slate Hill and he was always there willing to help. He was a great guy! - Randy Stone - Middletown & New Jersey railway Historical Society
