*I love you Dad!!! My dad was amazing... A wonderful father.. Was always there for us..*

*One of the smartest people I ever knew. The silent classy smart! 🧐 He would never offer his knowledge unless you asked. And it was rare when he didn't know the answer! 🤔 On any subject... He was voracious reader and puzzle doer...*

*Dad was also one of the toughest people I know.. He overcame 4th Stage prostate cancer... 5 way Heart ❤️ bypass surgery.. A heart attack at 88 with a stint being put in. And was back working out with me at the gym a month later!*

*Dad was the "talk" of Golds Gym! He worked out with me at least 3 times week and people would come up to me on a regular basis and to tell me how amazing and inspirational he was.. There were many a workout when I was done then came to the front deck expecting him to be sitting in the chair waiting for me. But then the guys behind the desk would tell me know hes still out there working on a machine! :) I going to get him and he would always say one more set! 🙏*

*We love you very much and will miss you PO..*
